**Provide a site plan (a sketch, drawing, or aerial photo) which includes all of the following information (N/A if not applicable):**

- a. The size, location, and height of all existing and proposed buildings and distances from the nearest point of the building to the centerlines of any adjoining road or property line and the distance between buildings.
- b. The types and locations of any easements affecting the property.
- c. The location and type of water supply and sewage disposal facilities proposed to serve the building/addition proposed and distance between well and septic tank, and the leachfield or other sewage disposal system. Please have the septic installer sign the site plan showing their approval of the plans.
- d. Location of any river, stream or intermittent stream within 300 feet of proposal.
- e. The number and location of parking spaces for customers or the public.
- f. The location of loading areas.
- g. The type and location of refuse collection and storage facilities.
- h. The location(s) of residential dwelling(s) and other non-agricultural land uses within two (2) miles of the property to be affected by the proposed conditional use.
- i. List the location and distance to any existing confined livestock feeding operations within a 2 mile radius.
- j. Location of disposal of dead animals.
- k. An indication of proposed surface water drainage onto, through and off of the affected property. Include any areas of the property that are subject to flooding (attach Floodplain map) or considered to be wetland.
- l. The type, size, and location of all signs associated with such proposed use
- m. Any other helpful information including contractor information.

The notification area may be increased based on the application of use and the required distances as specified in the Antelope County Zoning Regulations.

*Upon signing the application, the applicant will allow the Zoning Administrator, with or without others, the right to enter the property for the purpose of an inspection.*
